We are so proud to once again support the Clare community  
by sponsoring the Langton's Clare Valley Wine Show.

Since our first auction in 1988, the wines of Clare have been sought after,  
collected, traded and enjoyed with a passion rarely seen elsewhere.

Last year's release of the latest (VII) edition of the Langton's  
Classification of Wine confirms the Clare's place in Australian wine,  
with 12 wines represented.

*Overall, solid class of well made, fresh wines. However, no Gold awarded (sorry) - many will unfurl over the course of the year, this could change the outcome for next year? For a difficult vintage - wines well handled- congratulations.*

#### Judge's Comments

*Always lovely to judge these styles - with two extremes - the youngest acid and too high the sugar - so imbalanced. The oldest wine starting to fade and dry out. By contrast the Gold medal winner is a delightful drink now - has aged complexity beyond its vintage.*

*Lovely joyous colours here. There's no place to hide with delicate wine styles and VA or hollow/lack of fruit was the main reason for low scores. A careful hand with sweetness balanced against acid and savoury fruit won out. Bring on the fried bar snacks.*

*Overall, a very good class to judge - all be it, very young wines that need more time to develop and to gain complexity and flesh out. Tannins need more time to settle and integrate into the wine. But great to judge and variations of styles i.e. fresh, bright and juicy plus more structured wine.*

#### Judge's Comments

Sheer focus of fruit and texture on the top wines. They were rich, long and complex without tipping to broad and blowsy. Low scores carried some VA or appeared stripped or flat.

#### Judge's Comments

Powerful fruit on the top wines. Golds had skilful and sympathetic oak handling that allowed complex fruit to shine. Low scores were usually because fruit had dried out or oak smothered the fruit that was there.

*A somewhat disappointing class - many wines disjointed, ripe/unripe flavours, harsh tannins and acid imbalance. Some tired wines - some green characters particularly with grenache - grenache needs care in the vineyard - so more attention and detail. However, emerging varieties showing promise.*
